

We are excited to announce our school has moved to an upgraded School Bytes finance system.

What is the School Bytes portal

The School Bytes portal provides flexibility for you to conveniently:

- Make school payments online (including paying for multiple siblings at once)
- Use a family credit to pay for an activity or school contributions
- Download a receipt for payments made
- View all historical payments in one place
- Complete and submit digital permission notes
- View the status of all permission notes

This can be done where you want at any time: day or night.

Through the portal, you will easily be able to download a receipt once a payment has been made and have access to view all historical payments when needed. Online payments are processed in real-time and can be viewed by school staff immediately.

While our preference is for payments to be made via the portal, we will still accept payments via cash.

Absences

You can also submit absences on the school portal. This is our preferred method, but the attached slip can also be used.

Instructions

Once your child has started at Narwee Public School, please use the instructions attached to sign up and link to your child.

Parent Portal: Set up your parent portal account

 support.schoolbytes.education/hc/en-us/articles/5184859634191-Parent-Portal-Set-up-your-parent-portal-account

Last updated: June 15, 2023

School Bytes provides a parent portal to help your school communicate with you.

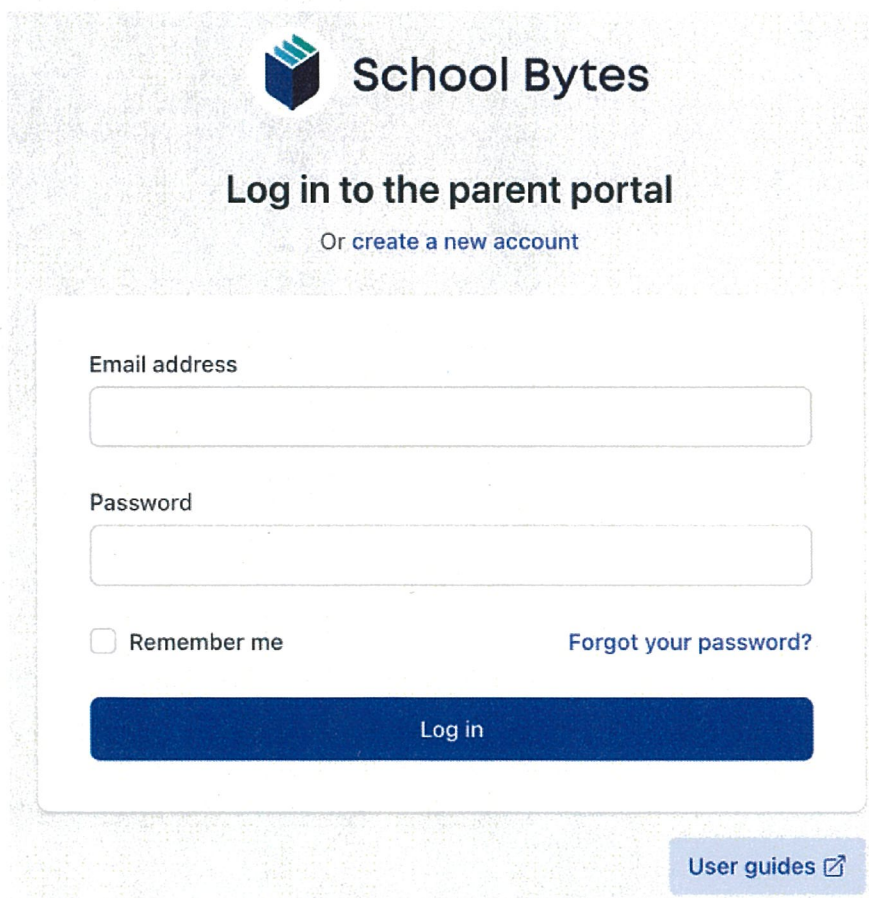

Your school may use the parent portal for various things, including online permission notes, attendance, and payments, which can be accessed via a secure link. The School Bytes parent portal enables you to view all your children in one portal and process payments for multiple siblings in one transaction.

IMPORTANT: To ensure that the registration process works smoothly and you can link your account to your child(ren), make sure that you use the same email address that you have provided to the school or if using a different email address, an SMS verification code will be sent to the mobile phone number on record for you at the school.

To set up your parent portal, follow the steps below:

Detailed steps

1. Open the parent portal link –
<https://portal.schoolbytes.education/auth/login>

The screenshot shows the login page for the School Bytes parent portal. At the top, there is the School Bytes logo, which consists of a blue cube icon with white lines. Below the logo, the text "School Bytes" is displayed in a bold, dark blue font. Underneath, the heading "Log in to the parent portal" is centered, followed by a link "Or [create a new account](#)" in a smaller, lighter blue font. The main login area is a white box with rounded corners. It contains two input fields: "Email address" and "Password". Below the password field, there is a checkbox labeled "Remember me" and a link "Forgot your password?". At the bottom of the login box is a large, dark blue button with the text "Log in" in white. In the bottom right corner of the page, there is a blue button with the text "User guides" and an external link icon.

2. Select the create a new account link.

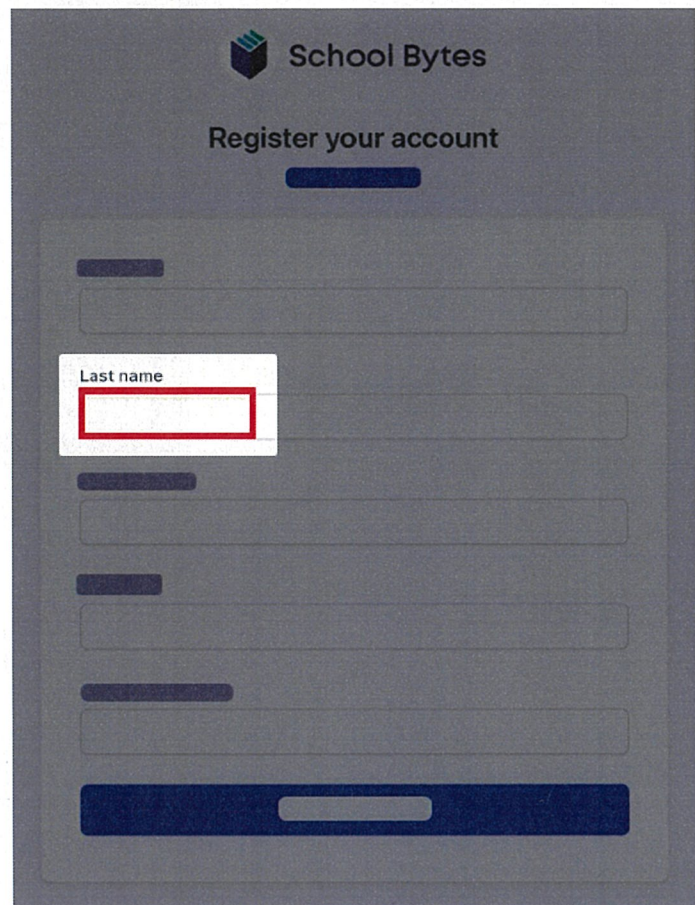

The image shows the School Bytes login page. At the top, there is a logo consisting of three stacked cubes (blue, green, and red) followed by the text "School Bytes". Below the logo, there is a white box with a red border containing the text "Log in to the parent portal" and a link "Or create a new account" in blue. The main area of the page is a dark grey rectangle containing several input fields for login credentials, including a large field for a password and a smaller field for a confirmation password. A "Log In" button is visible at the bottom right of the form.

3. Enter your first name as it appears on your student's profile at the school.

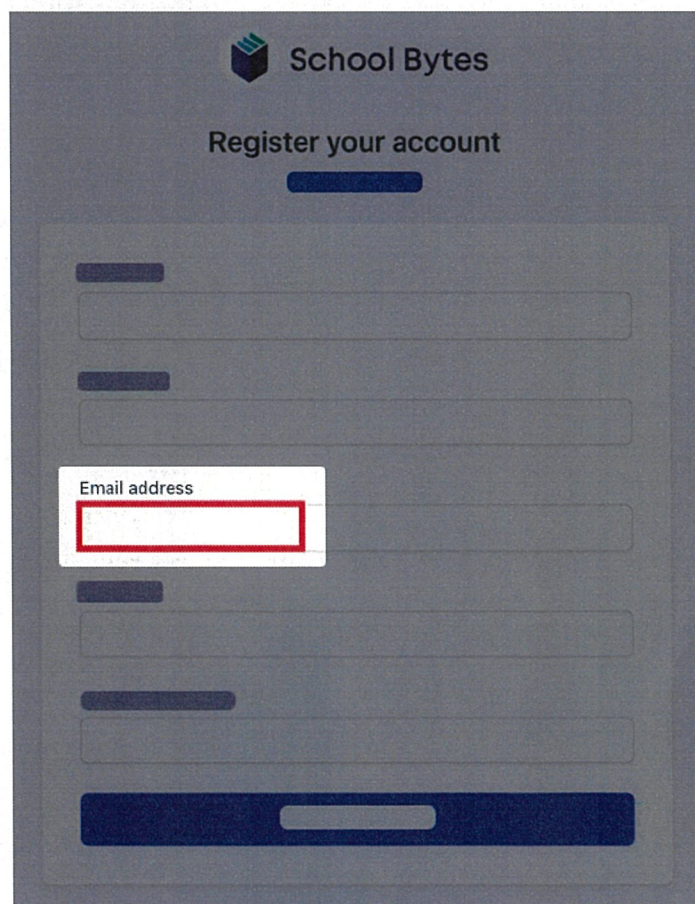

The image shows the School Bytes registration page. At the top, there is a logo consisting of three stacked cubes (blue, green, and red) followed by the text "School Bytes". Below the logo, there is a heading "Register your account" and a "Register" button. The main area of the page is a dark grey rectangle containing several input fields for registration information, including a "First name" field, a "Last name" field, a "Email" field, a "Phone" field, and a "Password" field. A "Register" button is visible at the bottom right of the form.

4. Enter your last name as it appears on your student's profile at the school.

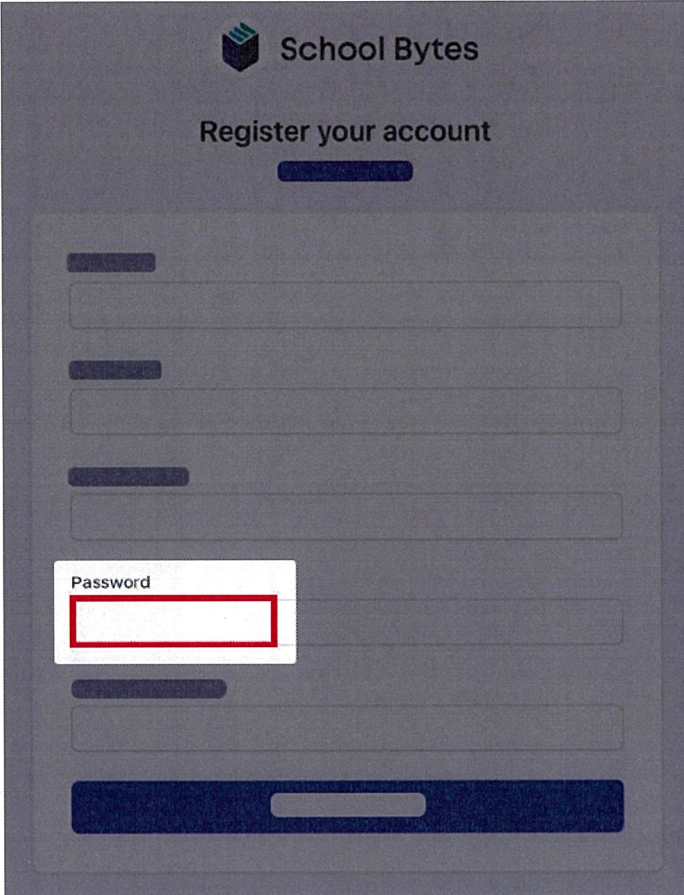

The image shows a mobile app registration screen for 'School Bytes'. At the top, the logo and name 'School Bytes' are displayed. Below it, the text 'Register your account' is centered. The form consists of several input fields. The second field from the top is highlighted with a red border and labeled 'Last name' in a white box. Below this field, there are three more input fields, each with a dark blue label bar on the left. At the bottom of the form is a large dark blue button with a white arrow pointing right.

5. Enter the email address that you use for school communication.

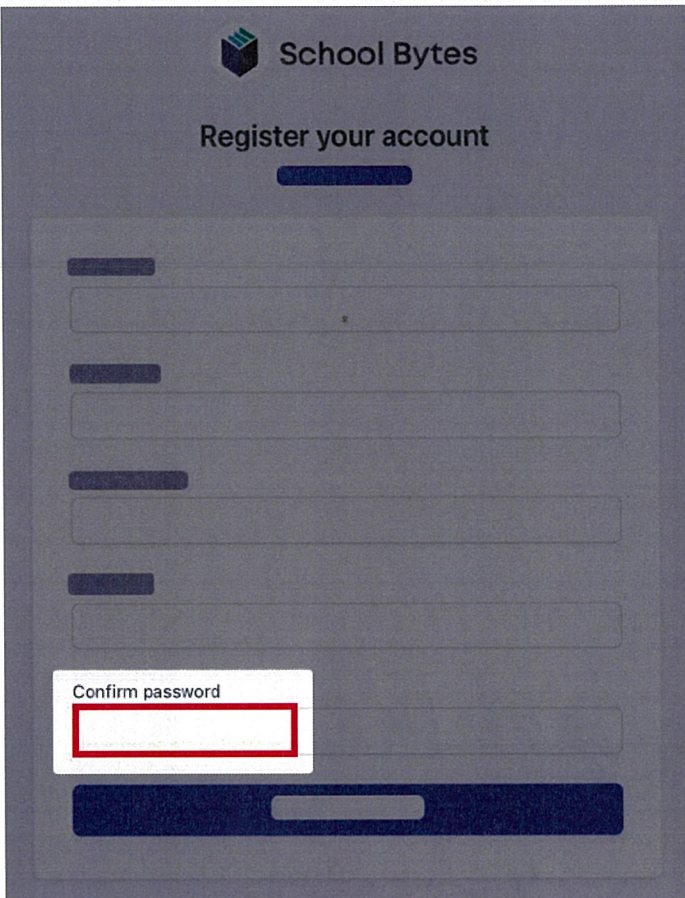

The image shows the same 'School Bytes' registration screen. In this view, the fourth input field from the top is highlighted with a red border and labeled 'Email address' in a white box. The layout, including the logo, title, other input fields, and the bottom button, remains the same as in the previous image.

6. Enter a password.

The image shows a registration form for 'School Bytes'. At the top, there is a logo consisting of three stacked cubes (blue, green, and red) followed by the text 'School Bytes'. Below the logo is the heading 'Register your account' and a dark blue button. The form contains several input fields. The first three fields are for email and name, each with a dark blue label above it. The fourth field is for a password, with a dark blue label above it. This password field is highlighted with a red rectangular border. Below the password field is a fifth input field. At the bottom of the form is a large dark blue button with a white outline.

7. Confirm the password.

The image shows the same registration form for 'School Bytes'. The layout is identical to the previous image, but the label above the fifth input field is 'Confirm password' instead of 'Password'. This 'Confirm password' field is highlighted with a red rectangular border. The rest of the form, including the logo, heading, and buttons, remains the same.

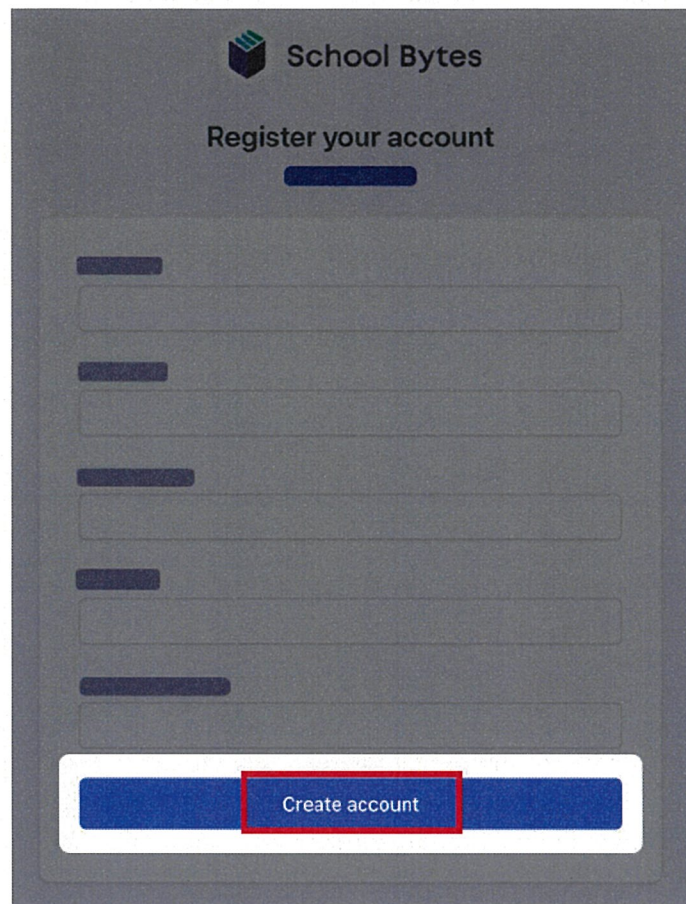

8. Select create account.

An email will be sent to the email address nominated so that you can verify your access to the email address.

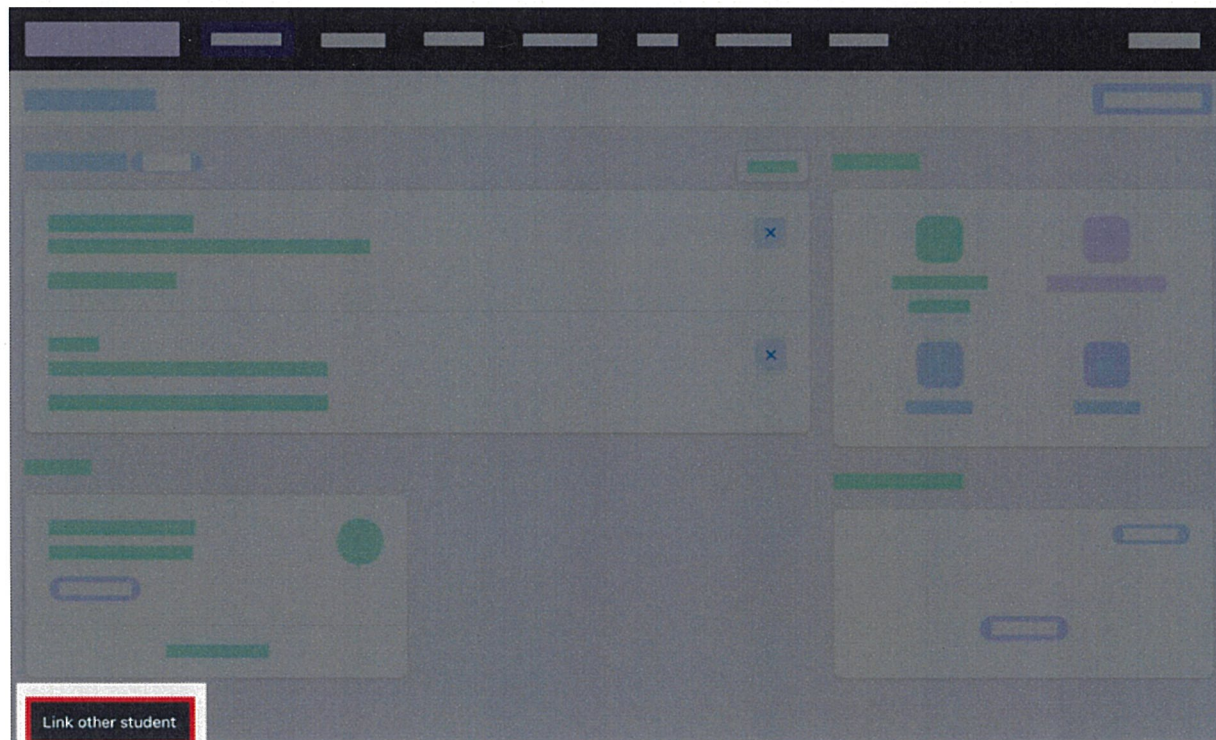

Once you have created your account, log in to the School Bytes parent portal.

You can now link your account to all students in schools that use the School Bytes platform.

When linking a student, the system automatically matches the data you provided with details stored on the student's school profile.

A screenshot of the School Bytes registration page. At the top, the 'School Bytes' logo is displayed next to the text 'Register your account'. Below this, there are several input fields for registration details, each preceded by a small blue bar. At the bottom of the form, there is a large blue button labeled 'Create account', which is highlighted with a red rectangular border.

1. Select link other student.

2. Search for the school's name.

Link your students

School name

[Red box highlights the 'School name' input field]

The screenshot shows a dark-themed web form titled 'Link your students' under the 'School Bytes' logo. The form contains several input fields. The 'School name' field is highlighted with a red rectangular box. Other fields include a long text input, a dropdown menu, and a date selector.

3. Enter the student's first name.

School Bytes

Link your students

First name

[Red box highlights the 'First name' input field]

This screenshot is identical to the one above, showing the 'Link your students' form. In this instance, the 'First name' input field is highlighted with a red rectangular box. The rest of the form, including the 'School name' field and other input elements, remains the same.

4. Enter the student's last name.

The screenshot shows the 'School Bytes' logo at the top left and the title 'Link your students' centered below it. The form contains several input fields for student information. A white callout box with a red border highlights the 'Last name' field, which is currently empty. Other fields include a first name field, a date of birth field, and a gender dropdown menu. At the bottom, there is a large dark blue button labeled 'Link student'.

5. Select the student's current grade.

This screenshot is similar to the previous one, showing the 'School Bytes' logo and 'Link your students' title. In this step, a white callout box with a red border highlights the 'Current grade' field, which is a dropdown menu. The other fields, including the first name, last name, date of birth, and gender, are visible but not highlighted. The 'Link student' button remains at the bottom.

6. Enter the student's date of birth.
